

Pool Key Card System

1. Two key cards per family will be provided if owner is current on association dues.
2. System will allow entry between the hours of 6 am to 10 pm.
3. System will record who comes into the pool area. This will help keep vandalism down.
4. System has a five second delay to enter, once the key has passed by the reader.
5. Replacement keys will cost \$100 and will only be reissued with address and lot number provided.
6. The key will not allow entry after the pool is closed.
7. New home or property owners will need to contact Association Manager Barbara Arington (ashetonlakes@gmail.com) and provide address, lot number and show Association dues have been paid or provide payment prior to issuing pool key fobs.
